

COMPANY PRESENTATION

WHEREVER YOU ARE
WE WILL BE THERE

IAP GROUP specializes in matching and introducing first-hand selected technical engineers to clients in the GA (General Aviation) industry on an international scale. The IAP team possesses an aggregate of +20 years experience in all fields of aviation, from maintenance work, project planning and control, to business development for aircraft operations. We have the knowledge and expertise to reduce downtime for any aircraft type, make, and model to help you hedge costs while maximizing profit opportunities.

SCOPE OF SERVICES

- Temporary and/or contract-based manpower solutions for operators and maintenance organizations
- Licensed Aircraft Engineer (LAE) services, including pre-purchase inspections and A&P signatures for FAA registered aircraft (rotary and fixed-wing)

LOGISTICAL SERVICES

LOGISTICAL SERVICES

The IAP team understands that every project is highly time sensitive and unique. Our engineers and staffs are vastly experienced with all aspects of moving rotary and fixed-wing aircraft around the world, from disassembly / reassembly work to arrangement of door-to-door transport using the safest and efficient shipping methods.

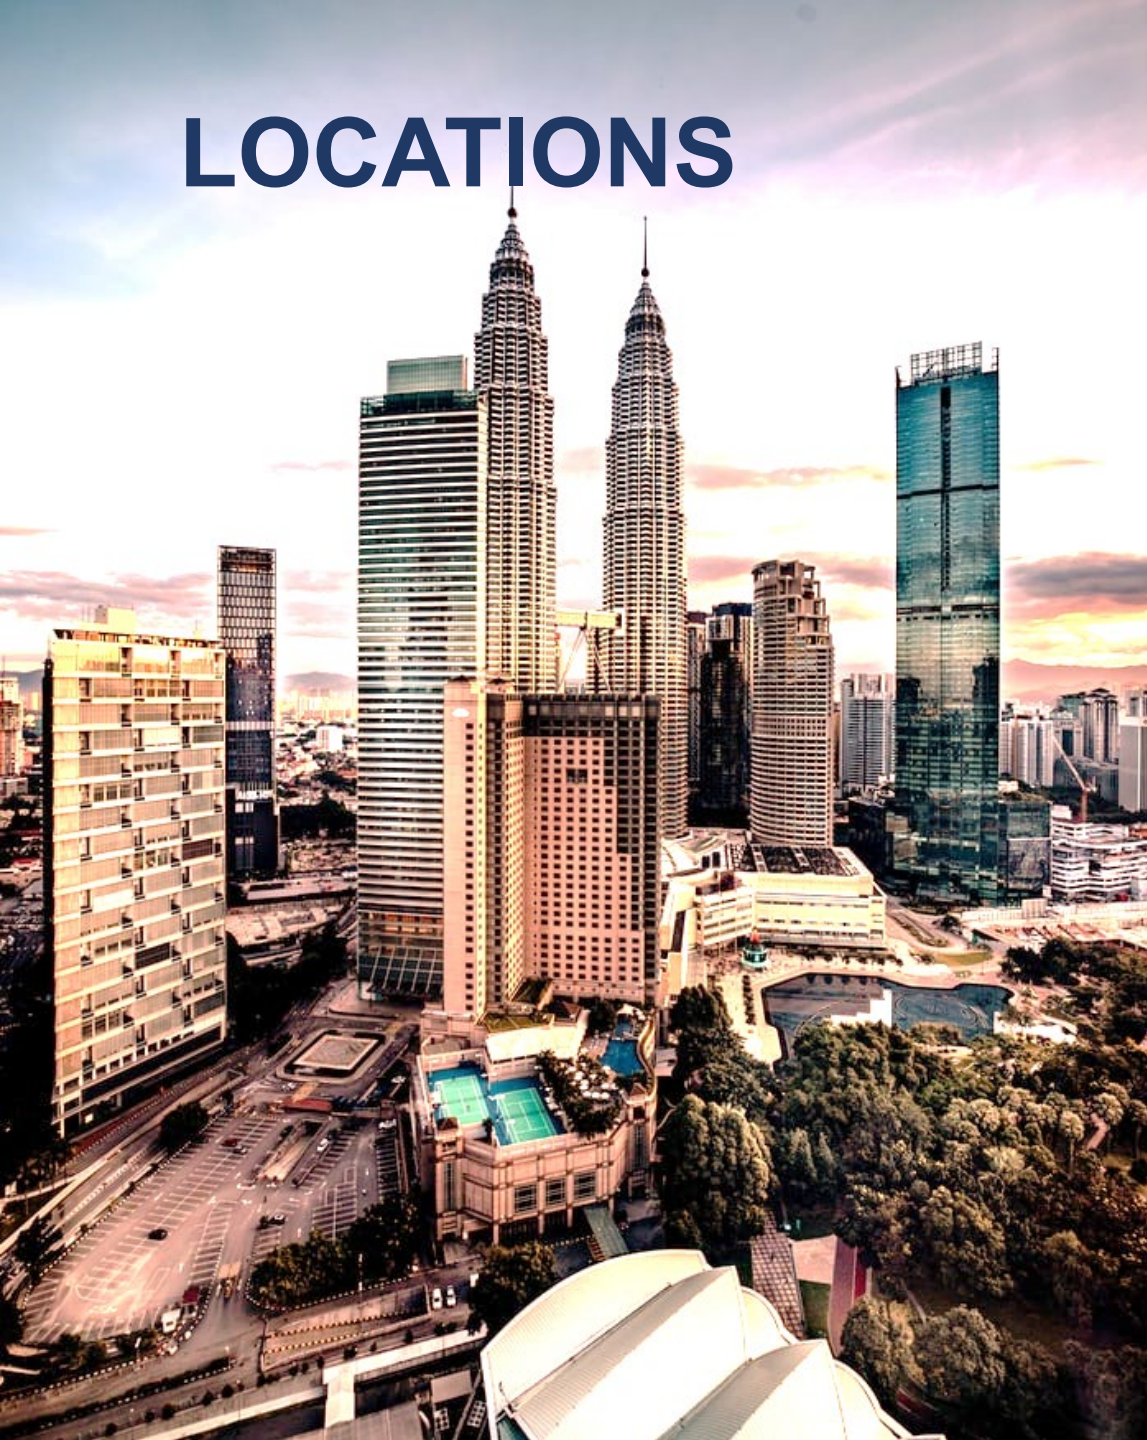

We can provide creative and extensive logistical solutions tailored for each specific mission and specification, including creation of special shipping fixtures as well as assisting with deregistration work from the exporting country.

WE KEEP IT AIRWORTHY
